ACCOUNT #: 962720 - 224847
SERVICE ADDRESS: 3357 BROADWAY St
METER #: 580095

Dear TYSON DOMER,

We have experienced difficulty obtaining a reading for the gas meter during our monthly scheduled reading dates. The meter reader indicated the gas meter is inside a fenced area.

Citizens Energy Group would like to install a radio transmitting device on your gas meter at our expense; with no cost to you. This device will allow the meter reader to obtain an electronic reading on the scheduled reading dates. Obtaining an actual reading will allow Citizens Energy Group to provide an accurate and timely bill each month.

Please call our office at 927-6012. The Meter Reading area is available 8:00 a.m. to 4:00 p.m. Monday through Friday. We will answer any questions you may have and schedule the installation. Please have your account number available when you call for timely and efficient service.

Thank you for your prompt response to resolve this issue and helping Citizens Energy Group provide an accurate and timely bill for 3357 BROADWAY St.

Sincerely,

Meter Reading
